Evo

The Media Desk solution from MW & ELDECO

Stylish
Practical
Versatile
Cost Effective

The Evo range of Media Workstation desks have been specifically designed to enhance the working environment for users of Professional Media Systems, such as Non-Linear Editing, Graphics Suites, Audio Suites Post Production suites and other Media applications.

Evo is a 'Flat Pack' system available in a variety of configurations and finishes, supplied with full cable management facilities.

All Evo desks are designed for ease of assembly and low shipping cost

Products may have slight variation from illustrations

Evo 02/2011

Evo-18 Media Desks

EV18 Layouts – 1800 mm wide

Evo Media Desks Finishes

EVO Finish options

Evo Desks will be available in a variety of finishes. Initially not all may be held in stock, but we will usually be able to deliver any displayed finish option within a short period.
For a small extra charge (Depending on quantity required) We can also supply special finishes to customer specification. Individual finish options only apply to the desk centre inserts and extension panel inserts.
The main desk frame, Monitor and Speaker Panels and Leg Units are finished in a special Metallic Black fine texture coating and are not normally available in other finishes.

Product finishes may have slight variation from illustrations
